STAT NOTE FOR:

STAT

STAT
STAT He suggested that Admiral Turner make a stop in Houston in February or March to speak to a joint meeting of the Houston Rotary Club, Chamber of Commerce and the Navy League. Such a luncheon would probably have an audience of from 600 to 1,000 people. It would take place at the Rice Hotel on a Thursday, beginning at 1200 and ending at 1330. The program chairman for the Houston Rotary Club is Mr. George W. Strake, Jr.,

STAT I think if the Admiral is planning a West Coast trip early next year, we could and should crank Houston into the flight plan. It would give him an excellent platform in an area of the country which knows little about the CIA.
